#### **WELCOME TO** NEVADA

Welcome to another exciting year of fishing in the beautiful waters of Nevada! Whether you're here to catch a record-breaking trout or simply trying to outsmart the "elusive snag," we're thrilled to have you on the water. Now, before you cast your first line, let's talk about the big catch of the day—our fishing regulations! Yes, I know, rules may not be as exciting as landing a trophy trout, but trust me, they're here to help us keep Nevada's fisheries thriving.

Nevada's 2025 fishing forecast continues to look up with increased recruitment and holdover of fish populations thanks to the favorable precipitation the state received in the 2023 and 2024 water years. Consistent stream flows and full reservoirs have fish populations flourishing and fish growing at exceptional rates. Many

waters throughout the state that are susceptible to fluctuating levels during drought periods are now full and spilling. This results in fishing conditions throughout the state that haven't been seen in nearly a decade. During these times, our fisheries biologists have documented growth rates of ½ inch or more per month! Waters such as Lakes Mead and Mohave, Wildhorse Reservoir, and Lahontan Reservoir should offer some excellent fishing opportunities. We will also see the return of fishing at Cave Lake in White Pine County after the completion of a dam rehabilitation project.

Our simplified 365-day Nevada fishing license makes it easier than ever to go fishing. This license includes everything you need to fish for one year with no additional stamps or permits necessary. Speaking of easy, we want to make it as easy as possible for kids to fish in Nevada. Thanks to generous donations from Nevada's conservation community, we are offering youth ages 12-17 years old a free 365-day license. Kids younger than 12 can go fishing in Nevada for free, however it doesn't stop there. June 14, 2025, is Nevada's Free Fishing Day where everyone in Nevada can fish for free that day. Throughout the state each year on Free Fishing Day we host locally led free fishing events. With all these opportunities, there is no excuse not to experience one of the nearly 800 fishable waters in Nevada. Let's keep Nevada's fishing legacy for generations to come. So, gear up, and let's make some memories out there. Get online, get outside, and go have fun!

Sincerely,

Alan Jenne - Director, Nevada Department of Wildlife

#### **About This Guide**

This high-quality guide is brought to you by the Nevada Department of Wildlife through a partnership with Kalkomey, a trusted leader in outdoor safety education since 1995. In addition to producing this guide, Kalkomey also offers a suite of educational courses to help people enjoy the outdoors safely.

The revenue generated through ad sales in this publication significantly lowers production costs and generates savings. These savings translate into additional funds for other important agency programs and we thank the advertisers for their support.

# LICENSES, PERMITS, AND FEES

Purchase your license at ndowlicensing.com.

#### **RESIDENT COMBINATION** LICENSE FEES

Combination licenses are valid for fishing and hunting. Hunter privileges are not valid without completing a certified hunter education course, and proper documentation has been submitted to NDOW.

LICENSE	DESCRIPTION	TOTAL VALUE
Combination License	Valid for 1 year beginning the date of purchase. For persons 18 years of age and older at the time of purchase.	\$75
Serviceman's Specialty Combination Hunt/Fish License	Valid for 1 year beginning the date of purchase. For Nevada residents who are on active duty outside of Nevada.  Applicant must show evidence of his or her duty assignment or show leave papers to the license agent.	\$15
Severe Disability Specialty Combination Hunt/Fish License	Valid for 1 year beginning the date of purchase. Initial application through NDOW only.	\$15
Native American Specialty Combination Hunt/Fish License *	Valid for 1 year beginning the date of purchase. Resident Native American as defined in NRS 502.280.  Must supply a letter of eligibility. Initial application through NDOW only.	\$10
Disabled Veteran Specialty Combination Hunt/Fish License *	Valid for 1 year beginning the date of purchase. Nevada Resident and veteran who has incurred a service- connected disability of 50 percent or more. Initial application through NDOW only.	\$15
Youth Combination Hunt/Fish License ** Youth Fishing License	Valid for 1 year beginning the date of purchase. For persons at least 12 years of age but less than 18 years of age at time of purchase. Youth Fishing License is offered only as the Youth Combination License.	\$15
Senior Specialty Combination License	Valid for 1 year beginning the date of purchase. For persons 65 years of age or older with 6 months of continuous Nevada residency at the time of purchase.	\$15

<sup>\* -</sup> Require first-time applicants to apply through NDOW offices only. Once their application is on file, these license holders will then be able to apply for future year's licenses online at *ndowlicensing.com*.

#### **RESIDENT FISHING** LICENSE FEES

LICENSE	DESCRIPTION	TOTAL VALUE
Fishing License	Valid for 1 year beginning the date of purchase. For persons 18 years of age or older at the time of purchase.  Youth Fishing License is offered only as the Youth Combination License. See above.	\$40
1-Day Fishing Permit	Valid until midnight of the date specified.	\$9
1-Day Fishing Permit	Each Consecutive Day Added to a 1-Day Permit	\$3

Youth Fishing License is offered only as the Youth Combination License. See Resident Combination License Fees above.

#### **NONRESIDENT COMBINATION** LICENSE FEES

Combination licenses are valid for fishing and hunting. Hunter privileges are not valid without completing a certified hunter education course, and proper documentation has been submitted to NDOW.

LICENSE	DESCRIPTION	TOTAL VALUE
Combination Hunt/Fish License	Valid for 1 year beginning the date of purchase. For persons 18 years of age and older at the time of purchase.	\$155
Youth Combination Hunt/Fish License * Youth Fishing License	Valid for 1 year beginning the date of purchase. For persons at least 12 years of age but less than 18 years of age upon payment. Youth Fishing License is offered only as the Youth Combination License.	\$15
1-Day Permit to Fish and hunt	Valid until midnight of the date specified.	\$23
upland game birds and migratory game birds	Each Consecutive Day Added to 1-Day Permit to Fish and Hunt Upland and Migratory Game Birds.	\$8

<sup>\* –</sup> Hunter privileges are not valid without completing a certified hunter education course, and proper documentation has been submitted to NDOW.

#### NONRESIDENT FISHING LICENSE FEES

LICENSE	DESCRIPTION	TOTAL VALUE
Fishing License	Valid for 1 year beginning the date of purchase. For persons 18 years of age and older at the time of purchase. Youth Fishing License is offered only as the Youth Combination License. See above.	\$80
Interstate Boundary Water License	Valid for 1 year beginning the date of purchase. (To fish solely in the reciprocal waters of the Colorado River, Lake Mead, Lake Mohave, Lake Tahoe and Topaz Lake)	\$30
1-Day Fishing Permit	Valid until midnight of the date specified.	\$18
1-Day I islining Fermit	Each Consecutive Day Added to a 1-Day Permit	\$7

#### **NEVADA SPECIAL FISHING PERMIT**

LICENSE	DESCRIPTION	TOTAL VALUE
Nevada Special Fishing Permit	Eligible non-profits include: clubs, foundations, programs, educational institutions or other social groups operated for the benefit of children or that will use the permit for the benefit of adults with disabilities; for mental health facilities, facilities for juveniles, rehabilitation, older persons, and foster care facilities. Permits for entire non-profit organization when supervised by the non-profit officer or employee with a valid fishing license. New applicants submit descriptive letter of services provided by their institution or organization, and documented proof of non-profit status. Issued through NDOW Headquarters Office only.	\$25

<sup>\*\* –</sup> Hunter privileges are not valid without completing a certified hunter education course, and proper documentation has been submitted to NDOW.

# QUALIFICATIONS FOR RESIDENT LICENSES, TAGS AND PERMITS

A person is considered to be a resident of the State of Nevada if: The person is a citizen of, or is lawfully entitled to remain in, the United States; and during the 6 months next preceding the person's application to the Department for a license, tag or permit, the person: (1) Maintained his or her principal and permanent residence in this State; (2) Was physically present in this State, except for temporary absences; and (3) Did not purchase or apply for any hunting, fishing or trapping privilege or entitlement conditional upon residency from another state, country or province.

#### **COLLEGE STUDENTS**

A person who does not maintain their principal and permanent residence in Nevada and is a full-time student at an institute of higher education in Nevada is eligible for a resident license, tag or permit if, during the 6 months next preceding the person's application to the Department for a license, tag or permit, the person: (a) Was physically present in Nevada, except for temporary trips outside of the State; and (b) Did not purchase or apply for any hunting, fishing or trapping privilege or entitlement

conditional upon residency from another state, country or province.

A resident license, tag or permit issued by this State is void if the person to whom it was issued establishes or maintains his or her principal and permanent residence in and obtains any hunting, fishing or trapping privilege or entitlement conditional on residency from another state, country or province.

Principal and permanent residence means a place where a person is legally domiciled and maintains a permanent habitation in which the person lives and to which the person intends to return when he or she leaves the state in which the permanent habitation is located. The term does not include merely owning a residence in a state. (NRS 502.015)

#### **SOCIAL SECURITY NUMBER**

Laws regarding child support mandate that any person who is required by federal law to have a social security number must provide the number to obtain a business, occupational or recreational license. Federal Law – Public Law 104 – 193; Nevada Statute – NRS 502.063, 503.5833, 504.390.

#### ACTIVE MEMBERS OF THE ARMED FORCES

Active members, permanently assigned to the state of Nevada and spouses and dependents, may obtain a fishing license at the same cost as Nevada residents. (Refer to NRS 502.070)

# SEEMAN POND

Nestled close to downtown Minden is one of the newest urban fisheries. Over the past few years Seeman pond has been substantially renovated and amenities have been added making it a great place to take the kids fishing, attend a family picnic, or just enjoy a stroll around the area on one of the many walking paths and trails.

This pond hosts a number of fish species including largemouth bass, bluegill, rainbow trout and even the occasional catfish. Water quality is good here and allows for spring stocking plans from March through May (sometimes even into June) to include 2,000 catchable rainbows and another 2,000 catchable rainbows during the fall! Channel catfish stocking during the summer may be in the near future so be sure to keep an eye on the fish stocking reports during June and July when it's too warm for trout stocking. Urban ponds like this one are very popular and as such get some of our biggest and best fish available. Limit is three game fish and there are no size restrictions or special tackle regulations so it's a fun and easy place to catch a limit.

To get here, just take the Buckeye Road exit off Highway 395 in downtown Minden and head south for about 100 yards. Amenities include a vault toilet, fishing dock, and covered picnic tables.

Please remember it is illegal to dump pets like goldfish or other aquarium exotics, they can cause serious problems for our fisheries.

BATTLE BORN POND

Battle Born Pond is a new urban fishing pond in the Reno-Sparks area that was recently opened to the public. Donated by the Nevada Department of Wildlife (NDOW), it provides an exceptional warmwater fishery and seasonal coldwater fishery for Nevada fishing license holders.

Battle Born Pond contains healthy populations of largemouth bass, green sunfish, channel catfish, and is stocked with rainbow trout. For anglers looking outside of the box, common carp are numerous in the pond and a fun species to fish for.

Anglers can expect the most success targeting the warmwater species that inhabit Battle Born Pond during spring through early fall. Trout fishing is productive in the cooler months of the year as the fish are in close to shore in the mornings and evenings.

Over the last few years NDOW has augmented the largemouth bass population in Battle Born Pond through fish transfers from other public and private fisheries around the Reno area. Fishing lures such as jigs, crank baits, soft plastics, and others have shown to give anglers a chance at catching large bass.

Battle Born Pond can be accessed off Wingfield Hills Road which is between Pyramid Highway and Vista Boulevard. Access and parking is still being developed so please be aware of neighborhoods and single-family homes when parking.

NDOW is excited to continue to manage Battle Born Pond as a unique urban fishery. Biologists expect the fishing to only get better as it continues to be stocked and augmented with warmwater and coldwater fish species.

# PUBLIC PHOTO SUBMISSIONS

(Salvelinus fontinalis)

They have light spots on a dark background. Belly and lower fins brilliant orange in spawning males. Upper body and dorsal fin have mottled or worm-like markings. Red spots, with or without bluish rings around them. The most distinguishing marks are the white and thin black stripe along the leading edge of the lower fins. Tail square or slightly forked.

#### **Brown Trout**

(Salmo trutta)

Back is brown or olive with large black spots. Sides light brown to yellowish, with numerous black and red-orange spots surrounded by light blue rings. Few if any spots on tail.

#### **Cutthroat Trout** (Stream and Lake)

(Oncorhynchus clarkii)

Body color is highly variable. Back may be steel gray to olive-green. Sides may be yellow-brown with red or pink along belly. Slash marks on either side of the throat beneath the lower jaw may be yellow, crimson-red or orange. Fins uniform color with no white tips. Scattered spots are usually round and black, more closely grouped towards the tail. Teeth on back of tongue. Nevada has three subspecies of cutthroat trout including Lahontan, Bonneville and Yellowstone.

#### **Bull Trout**

(Salvelinus confluentus)

They have light spots on a dark background. Back has pale yellow spots and sides with orange or red spots; pectoral, pelvic, and anal fins have white edges. Distinguished from Brook Trout by lack of worm-like markings on back. This fish is native to only the Jarbidge River system of northern Elko County and occurs in tributaries associated with the two forks of that stream system.

#### **Tiger Trout**

(Salmo trutta x Salvelinus fontinalis)

A Tiger Trout is a hybrid of a Brown Trout and Brook Trout. It has pronounced, light-colored vermiculations (worm-like markings) all over a brownish-gray body that resembles the stripes of a tiger. The belly is yellowish-orange as are the pectoral, pelvic and anal fins. The tail is not deeply forked.

#### Rainbow Trout

(Oncorhynchus mykiss)

Body usually olive to greenish-blue on the back; belly white to silver; sides usually show prominent red or pink streak. Fish from lakes sometimes lose all color and appear silvery. Irregular/freckled spots on back, sides, head, dorsal fin and tail. No teeth on back of tongue. Native to the Columbia River drainage of northeastern Nevada, but stocked extensively from hatcheries throughout Nevada.

#### **Lake Trout Or Mackinaw**

(Salvelinus namaycush)

Light colored spots on a dark background. Dark gray or gray-green above, belly light gray or white. Currently found in Lake Tahoe, Nevada-California, and Liberty and Echo Lakes in Elko County.

Illustrations by Michelle LaGory except otherwise noted

#### SELECTED GAME FISH OF NEVADA

#### Mountain Whitefish

(Prosopium williamsoni)

Back and fins are light brown or gold and the sides and belly are silver and white. There are no spots. Tail deeply forked and body is deep and round. Mouth small with no teeth. Large fleshy adipose fin.

(Micropterus dolomieu)

Dark olive to brown on back, sides bronze, belly white. Dark vertical bands on sides and dark brown horizontal bars on the head. Eyes reddish. The spiny and soft-rayed parts of the dorsal fin are continuous, not separate. Upper jaw when closed does not extend beyond the rear edge of the eye.

#### Striped Bass

(Morone saxatilis)

Body olive-green above, shading from silvery on sides to white on belly with brassy reflection. There are 7 to 8 longitudinal dark stripes following the scale rows. The tail is forked and the body is cylindrical in shape. Occasionally exceeds 50 pounds. Found in Lake Mead. Lake Mohave and Colorado River.

(Morone chrysops x M. saxatilis)

A wiper is a sterile hybrid of a white bass and striped bass. Identification can be difficult, particularly for young fish. In adult fish, the hybrid has a deep body and an arched back similar to the white bass. A mid-body break in line pattern occasionally occurs. Occasionally exceeds 10 pounds. Found only in northern Nevada waters.

(Micropterus salmoides)

Dark green on back and sides, silvery below. Belly is greenish-white. A broad dark band on the sides a broad, dark horizontal band extends along the lateral line on each side. The spiny and soft-rayed parts of the dorsal fin are nearly separated from the soft rays by a deep notch. Upper jaw when closed extends at least to the rear edge of the eye in adults, usually beyond.

#### Spotted Bass

(Micropterus punctulatus)

Green to dark green on back and sides with a white belly. Rows of spots along the lower sides below the dark lateral stripe. Dorsal fins are connected and not separated into two distinct fins. Upper jaw extends to the back of the eye, but not beyond the eye as in the largemouth bass.

#### White Bass

(Morone chrysops)

Dark gray to black on the back, with bright silvery sides and white belly. The sides have dark stripes or lines (about 5 are above the lateral line). Body strongly compressed from side to side, forehead is dished and snout is slightly turned up. Seldom exceeds 3 pounds. Found only in the Northern NV waters.

(Lepomis macrochirus)

Very colorful. Light to dark blue on bright purple. In breeding season, the breast of males is red. Gill covers often blue with a black spot on the rear of the "ear flap". Faint vertical bars on the sides. The mouth is small and when closed, barely reaches the front of the eye. Distinguished from Green Sunfish by small mouth not extending to middle of eye.

#### SELECTED GAME FISH OF NEVADA

#### **Green Sunfish**

(Lepomis cvanellus)

Each scale is flecked with yellow or emerald green. Back and sides olive-green, and lower belly yellowish-copper or brassy. Body is short, stocky, and deeply compressed from side to side. The gill cover has a broad, light margin, and it often has a black spot on the rear flap. Distinguished from Bluegill by larger mouth with iaw extending to middle of eye.

(Pomoxis)

Silver-olive with numerous black or dark green splotches on the sides. Forehead is dished and the snout is turned up. Base of the dorsal fin is about the same length as the base of the anal fin. Nevada has black and white crappie. Black crappie have irregular black splotches; white crappie have vertical bars.

#### **Channel Catfish**

(Ictalurus punctatus)

No scales, tail deeply forked with pointed lobes. Body pale bluish-olive above and bluish-white below. Spots vary from a few to many over much of the body and may not occur on large fish. Barbels extend from the chin and upper jaw. Both dorsal and pectoral fins have strong, sharp spines. Larger fish may be distinguished from the white catfish by the longer black barbels and more streamlined body form. Tail more deeply forked and head thinner and less rounded than white catfish. White on belly only to forward edge of anal fin.

#### Walleye

(Sander vitreus)

Prominent "canine" teeth distinguish this big perch from its smaller family member the yellow perch. Color is brassy-olive buff sometimes shading to yellowish sides and white beneath. No distinct bars on the sides, but rather an overall mottling of black or brown. Large dark blotches at rear base of dorsal fin, and the lower lobe of tail fin is white tipped. The tail is moderately forked. Found only in northern Nevada reservoirs.

(Lepomis microlophus)

Dark brown to green back with yellow to green sides. Belly is light yellow to nearly white. The mouth is small and the opercular lobe or ear flap has a dark blue-back spot with red to orange edge.

#### White Catfish

(Ameiurus catus)

Bluish to grayish above and white below. Tail deeply forked. No scales. No spots. Barbels extend from the chin and upper jaw. Both dorsal and pectoral fins have strong, sharp spines. White catfish have shorter barbels on the upper jaw than channel catfish, and barbels on lower jaw are whiter. Head is more rounded and white on belly extends to rear of anal fin. Found in Lahontan and the Humboldt River with channel catfish.

#### **Bullhead**

(Ameiurus)

No scales. Adults are blackish, dark olive or dark brown. Belly is yellow, greenish-white, or white. Chin barbels are entirely black. The pectoral fin spine is smooth. Rarely exceeds 12 inches

#### **Yellow Perch**

(Perca flavescens)

Rich yellow to brassy-green with 6 to 8 dark vertical bars on the sides. Dark green back. No "canine" teeth. The belly is whitish. The dorsal fin has two sections, the front one contains 12 to 14 sharp spines and the rear 12 to 13 soft rays. Found only in northern Nevada waters.

# FREE FISHING LICENSE FOR KIDS

#### To Whom It May Concern:

This is better than any Black Friday sale, going-out-of-business sale, or yard sale you've ever been to. I'm talking free ninety-nine, buy none and get one free, no strings attached. We are giving away 100% free youth combination (fishing/hunting) licenses! If that sounds crazy to you, it is, it's crazy cool.

Thanks to a new, 100% donation-driven program called the Nevada Youth License Fund, fueled by thousands of generous individual donors we are giving anyone 12-17 years old who wants one, a free, 365-day fishing license while supplies last. That's the headline. It's also the message we want you to share with your friends and family, but before you do that, I want to tell you why we launched this program.

We want to make it easier for kids to have awe-inspiring outdoor experiences. Small moments outdoors, that become cherished memories, that last a lifetime. Plunging your fingers into a Styrofoam cup full of dark soil to dig out a squirmy nightcrawler. Hooking a big fish and fighting it for a few minutes before the line snaps unexpectedly. Watching an osprey circle above you, surveying your fishing hole before divebombing the water, and flying away with a fish in its talons. These are just a few examples of the formative outdoor experiences that you and I have had, that we don't want today's kids to miss out on.

The reality is kids, their parents, and even some of their grandparents, are missing out on a lot of memory making opportunities. Typically, in exchange for empty hours spent behind a screen. You've seen the family I'm talking about. They're out to eat, seated at the table together, quietly waiting for their food. They're quiet because everyone is on a phone, or a tablet, not saying a word to each other. Don't look now, but here is a mirror. Have you ever in your life wasted time behind a screen that you'd like to have back? Me too, you're not alone.

Fortunately, even though everything around us is built to fiercely compete for our time and attention, we get to choose what we do, and what we don't do. This program exists to act as an incentive for kids and their families to choose fishing over something else, and it works. Not only does it work, but it's wildly successful.

Since launching in June 2023, over 9,400 kids have received a free license through this program. For over 5,600 of these kids, it's their first fishing license ever! In total, we're looking at a 20% increase in youth licenses issued in 2024 compared to 2022. That's thousands of kids, making memories outdoors with family and friends, that never would have otherwise.

So please, for the sake of the family at the dinner table, tell your friends, your family, and anyone else who is willing to listen about this program, and encourage them to take advantage of it, and go fishing!

That way the next time you're out to eat, you might just overhear a teenager telling his family about the big fish that got away.

THIS ONLINE WEB
TOOL WILL HIGHLIGHT
ALL NEVADA'S
FISHABLE WATERS
AND HELP USERS
FIND NEW WATERS TO
EXPLORE BASED ON
THEIR SELECTIONS.

Scan, Explore, and Enjoy Your Next Nevada Fishing Adventure!

- Use filters to search waters by species, water type (lakes/reservoirs/streams), region or county.
- As filter selections are made, the list of fishable waters meeting those requirements is updated.
- Users can select different basemaps including satellite and topographic maps.
- Users can select between different layers including fishable waters, hunt units, and public land layers.
- Clicking on a water brings up the water details including the game species present, the top trophy fish records for each individual species, and any consumption advisories that may be in place.
- Buy your fishing license online right from the FishNV tool home page.

# REGULATIONS

Fishing regulations are effective Jan. 1, 2025 - Dec. 31, 2025.

All Regulations are applicable to CR 23-15 amendment 1.

#### LICENSE REQUIREMENTS

Any resident 12 years of age or older who fishes in Nevada is required to have a fishing license. Nonresident anglers under 12 years of age are not required to have a license, but the number of fish taken must not exceed 50 percent of the limit. For example, if the limit is five fish, these young anglers may take only two fish. These license requirements are for all Nevada waters except for some "interstate waters" (Lake Tahoe, Topaz Lake, Lake Mead, Lake Mohave, Colorado River). (Refer to NRS 502.010)

#### **DAILY LIMIT**

"Daily Limit" means the maximum number of game fish that may be lawfully taken and reduced to possession by a person in one day. The daily limit applies across all water bodies. You cannot take a daily limit of fish from one body of water then move to another body of water to take another limit of the same species there. However, if the daily limit of a specific species is higher in a particular body of water (for example, 1 fish per day in one body of water and 5 fish per day of the same species in another) you can take your 1 fish limit from the body of water where the limit is 1 and move to the body of water with the higher daily limit of 5 and take an additional 4 from there which would give you your daily limit of 5.

As another example, if you go to a local urban pond (daily limit is 3 game fish) and catch your limit of 3 fish in the morning, you cannot take those fish home to your freezer and then visit another urban pond which has the same 3 game fish limit in the afternoon to harvest additional fish.

Fish that are caught and immediately released back to the water alive are not considered to be reduced to possession or part of the daily limit.

#### **POSSESSION LIMIT**

Nevada has implemented a "Possession Limit" which allows anglers to keep two times the daily limit for the water in which the fish were caught.

The "Possession Limit" is two times the daily limit for the water in which the fish are caught. Possession limits apply to the specific body of water you're fishing. For example,

- Day 1 An angler is fishing Knott Creek Reservoir (daily limit 1) and harvests their 1 trout.
   They can then move to Onion Reservoir (daily limit 5) later in the day and harvest 4 more trout.
- Day 2 The angler again fishes Knott Creek Reservoir and harvests 1 trout, they have now met their Possession Limit for Knott Creek Reservoir and can no longer fish the water until they have eaten at least 1 fish. The angler moves to Onion Reservoir and harvests an additional 4 trout to reach the total allowed daily limit of 5 for a second consecutive day.
- Day 3 The angler fishes Onion Reservoir for a third day and harvests 2 more trout and has now harvested 10 total over 3 days to reach their Possession Limit for Onion Reservoir. Their total harvest and take is 12 trout reduced to possession in their cooler (10 from Onion and 2 from Knott). They can no longer fish Knott Creek Reservoir or Onion Reservoir until they have eaten or given away to a licensed angler at least one fish.

A person shall not reduce game fish to possession if he already has the number of that fish in possession which equals or exceeds the possession limit of the water being fished. A daily/possession limit includes fish caught in Nevada which have been processed or preserved and are stored at any location.

General limits are listed by region in the regional regulations beginning on page 26. Exceptions to general limits are included as "special regulations" and are listed by individual water.

#### **SIZE LIMIT**

Unless otherwise noted under Region General Regulations or Region Special Regulations, there is no size limit. Where size limits do apply, this shall mean the total length of the fish including the head and tail, measured as illustrated in the diagram. (Refer to NAC 503.500)

## SEASONS AND HOURS

Unless otherwise noted under Region Special Regulations, the season is open year around and fishing hours are any time of the day or night. Where specified, "open season" includes the first and last day designated. (Refer to NRS 501.065)

# "FISHES," "FISHING," "FISHED" AND "TO FISH" DEFINED

The words "to fish" and their derivatives, "fishes," "fishing" and "fished," mean catching, taking, capturing, killing, injuring or crippling of a fish and every attempt to do so. (Refer to NRS 501.030)

#### FILLETING FISH

Where size limits apply, fish may be filleted before transport if the remainder of the carcass of each fish filleted is kept in one piece so size and possession limits can be immediately determined. It is unlawful for any person to cause through carelessness, neglect or otherwise any edible portion of any game fish to go to waste needlessly. In the case of game fish, the fillet meat from the operculum (gill plate) to the caudal fin (tail fin) as shown below (NAC 503.586)

## METHODS OF FISHING

NRS 503.290

Fish may be taken only with hook and line attached to rod or reel and closely attended in the manner known as angling (Except as noted under Spearfishing / Bowfishing" and "Unprotected Fish"). No more than three baited hooks, nor more than three fly hooks, or two lures or plugs irrespective of the number of hooks or attractor blades attached thereto, may be attached to the line. No more than two lines may be used. Refer to page 32 for further tackle restrictions for Lake Mead. Lake Mohave and the Colorado River.

#### SPEARFISHING/ BOWFISHING

Persons may spearfish for **unprotected** fish in all Nevada waters except Lake Tahoe and Topaz Lake. Persons may spearfish for striped

bass in Lake Mead and Lake Mohave from Cottonwood Cove to the cable below Hoover Dam. Spearfishing for striped bass is prohibited in that portion of Lake Mohave from Cottonwood Cove to Davis Dam and from Davis Dam down river to the Nevada state line. In Lakes Mead and Mohave and the Colorado River system, spearfishing is prohibited within 1/2 mile of any dock or swimming area. When spearfishing, a person must display, within 100 feet, an appropriate diver's flag. A mechanical spearing device may be used only under the surface of the water, and the spear must be attached to the device by a lanyard. Fishing license regulations apply to persons taking fish by means of spear or bow and arrow. (Refer to NAC 503.590-592) Only unprotected fish may be taken with a bow and arrow except where prohibited (Refer to NAC 503.580) Please contact the county you'll be fishing in prior to assure you are in compliance with county regulations.

# GENERAL STATEWIDE BAIT USE

#### NAC 503.502

Any person possessing a fishing license or permit, or otherwise exempted from such licenses, may capture, transport and use live baitfish, aquatic bait, or commercially prepared and preserved baitfish for fishing or personal consumption where specified by Region.

**Live baitfish** means live, unprotected species of freshwater fish.

Aquatic bait means live, unprotected amphibians (such as bullfrogs), crustaceans (such as crayfish), mollusks (such as clams and snails), insects (such as grasshoppers), or worms (such as natural earthworms or purchased nightcrawlers or redworms).

The use of any game fish (see page 20) or protected species as bait and parts thereof is prohibited, except preserved salmon eggs.

Commercially Prepared and Preserved bait means dead dried, frozen, or liquid (such as in mineral oil, isopropyl alcohol, or ethyl alcohol), dry (such as in salt or borax), or other proprietary preserved or cured fish or their parts or aquatic bait.

Any bait obtained from a licensed dealer of live bait fish must be accompanied by a current dated receipt by that dealer. See page 24 for regulations for bait fishing by region.

#### **CHUMMING**

"Chumming" means placing fish, parts of fish or other material upon which fish feed, in the water for the purpose of attracting fish to a particular area so that they may be taken. Chumming is prohibited in Lake Tahoe, Topaz Lake, Spooner Lake and the entire Ruby Lake National Wildlife Refuge. (Refer to NRS 501.013)

#### HOOK IDENTIFICATION

#### UNPROTECTED FISH

Unprotected fish are all species not classified as game or protected (game fish are listed on page 20). Unprotected fish may be taken by bow and arrow, hook and line, dipnet, cast net, minnow seine or minnow trap, and, except where prohibited, by spear. In the Colorado River and Lakes Mead and Mohave, the taking of fish by bow and arrow is prohibited within 1/2 mile of any dock or swimming area. Fishing license regulations apply to persons taking unprotected fish by means of hook and line, bow and arrow or spear.

#### **ICE FISHING**

For the purposes of ice fishing, holes cut through the ice must not exceed 10 inches in diameter. (Refer to NAC 503.583)

#### **ARTIFICIAL LURES**

"Artificial Lures" means any device with a hook or hooks attached which is made partly or entirely of rubber, wood, metal, glass, plastic or feathers. (Please note: PowerBait® or similar products are not considered artificial lures.) (Refer to NAC 503.500)

### ARTIFICIAL LURE REGULATIONS BY LOCATION

#### Only artificial lures may be used in the following waters:

- 1. The Collection Ditch at Ruby Lake NWR in Elko County.
- 2. Dacey Reservoir on the Kirch WMA in Nye County.
- 3. Hinkson Slough on the Mason Valley WMA in Lyon County
- 4. Tonkin Springs Reservoir in Eureka County.
- Hobart Reservoir (Washoe County), its tributaries and Franktown Creek downstream to Red House.

#### Only artificial lures with single barbless hooks may be used in these waters:

- Catnip Reservoir in Washoe County.
- East Walker River (Lyon County) from 1/4 mile above the confluence of the East Walker River and Sweetwater Creek downstream to 1/2 mile below the confluence of the East Walker River and Red Wash Creek.
- Knott Creek Reservoir including inlet and outlet streams in Humboldt County.
- Marlette Lake including tributaries and outlet stream in Washoe County.
- Snake Range High Lakes in White Pine County.
- South Fork of the Humboldt River (Elko County) from the access causeway for the Lucky Nugget subdivision upstream to Lee.
- Truckee River (Washoe and Storey County) in that portion from E Mustang Road bridge (1-80 Exit 23) to Derby Dam and from 1,000 feet downstream of Derby Dam to the Pyramid Lake Paiute Reservation boundary.

Please see pages 26-37 for more information on special regulations in the eastern, southern, and western regions.

# ARTIFICIAL LURES WITH SINGLE BARBLESS HOOKS

A "single barbless hook" means a fish hook having one point, manufactured without barbs or on which the barbs have been bent completely closed or filed off. Double or treble hooks having a common shank are not a single barbless hook even when the barbs are closed or filed off. When single barbless hooks are required, only one single barbless hook may be attached to each hook eye or ring of the lure. (Refer to NAC 503.500)

#### **NORTHERN PIKE**

Northern pike are not classified as game fish; they are a prohibited species. Anglers wishing to keep northern pike to eat are required to kill them upon capture. There is no limit for northern pike, and anglers who wish to assist in the removal of northern pike from the waters of the state and who wish to dispose of them may do so without regard for Nevada's wanton waste laws. The importation, transportation or possession of live northern pike is prohibited (Refer to NAC 503.110).

# GAME FISH TRANSPORTATION

Game fish taken under the authority of a fishing license or fishing permit may not be transported alive from the body of water where the game fish is taken. It is legal to keep game fish alive and in a live well or a net while at the body of water from which they are caught. Anglers must kill fish to be transported away from the body of water. Under no circumstances can game fish be transported in a manner which would allow for their release alive at another body of water. The transport and release of live wildlife without a permit is illegal. (Refer to NAC 503.115)

#### **BULLFROGS**

There is no license requirement or limit on bull-frogs if they are taken by gig, spear, bow and arrow or by hand. However, a fishing license is required to take bullfrogs by hook and line. Season is open year around anytime of the day or night in waters that are open to fishing or frogging. Bullfrogs are a non-indigenous species that may not be transported alive from the body of water where taken. (Refer to NAC 503.580 and 503.100)

#### **CRAYFISH**

A fishing license is not required to capture crayfish for personal consumption or use as bait. When used as bait, crayfish may only be used in the water where captured and other bait restrictions apply (see page 24). There is no limit on crayfish. A license is required to take crayfish by hook and line. A permit is required to take crayfish for commercial purposes at Lake Tahoe (crayfish may not be taken for commercial purposes from any other Nevada water.) (Refer to NAC 503.100 and 503.540)

# COLDWATER GAME FISH

Coldwater game fish are: Bonneville cutthroat trout, Lahontan cutthroat trout, Yellowstone cutthroat trout, Kokanee salmon, brook trout, brown trout, bull trout, lake trout (Mackinaw), rainbow trout, redband trout, mountain whitefish and any hybrid thereof. (Refer to NAC 503.060)

# WARMWATER GAME FISH

Warmwater game fish are: black bullhead, brown bullhead, channel catfish, white catfish, striped bass, white bass, black bass (largemouth, smallmouth, and spotted), black crappie, white crappie, tiger muskie, yellow perch, Sacramento perch, bluegill sunfish, pumpkinseed sunfish, green sunfish, redear sunfish, walleye and any hybrid thereof. (Refer to NAC 503.060)

# PROTECTED FISH AND AMPHIBIANS

Protected fish and amphibians are those species listed in NAC 503.065, 503.075 and 503.067. There is no open season on fish or amphibians classified as protected.

# CLEAN, DRAIN ANDDRY

**HELP PROTECT NEVADA'S WATERS** BY STOPPING THE SPREAD OF INVASIVE AQUATIC HITCHHIKERS!

Inspect and decontaminate your watercraft and equipment! CLEAN, DRAIN and DRY your:

✓ Waders✓ Canoes/Kayaks✓ Boats✓ Fishing Gear✓ Buckets✓ Fishing Poles

Here are some methods to minimize your chances of accidentally transporting invasive species. By following these steps you can help protect your valuable fishing and boating resources for the future:

**CLEAN** Remove all mud, plants and animals from every part of your boat, trailer and equipment.

**DRAIN** Remove all drain plugs and water from your boat including live-wells, ballast, hull, and engine-cooling water when you leave the waterbody.

**DRY** Allow boat, equipment, and gear to completely dry before deploying into another waterway.

**NOTE:** When transferring your watercraft from one water to another or across state borders, you may be required to have your watercraft inspected or decontaminated. For additional information, visit www.westernais.org.

- **NEVER** release plants, fish or animals into a body of water unless they came out of that body of water.
- AIS DECAL requirement (NRS 488.536) includes in-state and outof-state motorized watercraft as well as most non-motorized watercraft including paddle-craft, canoes and kayaks. Watercraft that are capable of retaining water are required to display the decal.

# LA PESCA

#### **REQUISITOS DE LICENCIA**

Cualquier residente de 12 años o más que pesque en Nevada debe tener una licencia de pesca. Los pescadores residentes y no residente menores de 12 años no están obligados a tener una licencia, pero la cantidad de peces capturados por el no residente no debe exceder el 50 por ciento del límite. Por ejemplo, si el límite es de cinco peces, pescadores no residentes menores de 12 años pueden capturar solo dos peces. Estos requisitos de licencia son para todas las aguas de Nevada excepto para algunas "aguas interestatales" (Lake Tahoe, Topaz Lake, Lake Mead, Lake Mohave, Colorado River). (Consulte NRS 502.010)

Una persona se considera residente del estado de Nevada si mantuvo la residencia permanente en el estado durante los últimos seis meses y no compró una licencia de residente de ningún otro estado. (Consulte NRS 502.015)

#### LIMITE DIARIO

"Límite diario" significa el número máximo de peces de caza que pueden ser capturados legalmente y reducidos a posesión por una persona en un día. El límite diario se aplica a todos los cuerpos de agua. No se puede tomar un límite diario de peces de un cuerpo de agua y luego trasladarse a otro cuerpo de agua para tomar otro límite de la misma especie allí. Sin embargo, si el límite diario de una especie específica es más alto en un

cuerpo de agua en particular (por ejemplo, 1 pez por día en un cuerpo de agua y 5 peces por día de la misma especie en otro), puede tomar su límite de 1 pez del cuerpo de agua donde el límite es 1 y pasar al cuerpo de agua con el límite diario más alto de 5 y tomar 4 adicionales a partir de ahí, lo que le daría su límite diario de 5.

Como otro ejemplo, si va a un estanque urbano local (el límite diario es de 3 peces de caza) y pesca su límite de 3 peces por la mañana, no se puede llevar esos peces a casa a su congelador y luego visitar otro estanque urbano que tiene el mismo límite de 3 peces de caza en la tarde para pescar peces adicionales.

Los peces que son capturados e inmediatamente liberados vivos al agua no se consideran reducidos a posesión o parte del límite diario.

#### LÍMITE DE POSESIÓN

Nevada ha implementado un "Límite de Posesión" que permite a los pescadores mantener dos veces el límite diario para el agua en la que se capturaron los peces.

El "Límite de Posesión" es dos veces el límite diario para el agua en la que se capturan los peces. Los límites de posesión se aplican al cuerpo de agua específico que está pescando. Por ejemplo,

**Día 1** - Un pescador está pescando Knott Creek Reservoir (límite diario 1) y pesca su 1 trucha. Luego pueden trasladarse al Onion Reservoir (límite diario 5) más tarde en el día y pescar 4 truchas más.

**Día 2** - El pescador vuelve a pescar en el Knott Creek Reservoir y pesca 1 trucha, ahora ha cumplido con su límite de posesión para el embalse de Knott Creek Reservoir y ya no puede pescar en el agua hasta que haya comido al menos 1 pez. El pescador se traslada a Onion Reservoir y pesca 4 truchas adicionales para alcanzar el límite diario total permitido de 5 por segundo día consecutivo.

**Día 3** – El pescador pesca el Onion Reservoir por tercer día y cosecha 2 truchas más y ahora ha cosechado 10 en total durante 3 días para alcanzar su límite de posesión para el Onion Reservoir. Su pesca total y toma es de 12 truchas reducidas a posesión en su refrigerador (10 de Onion y 2 de Knott). Ya no pueden pescar Knott Creek Reservoir o Onion Reservoir hasta que hayan comido o regalado a un pescador con licencia al menos un pez.

Una persona no reducirá el pescado de caza a posesión si ya tiene el número de ese pescado en posesión que sea igual o superior al límite de posesión del agua que se pesca. Un límite diario/de posesión incluye el pescado capturado en Nevada que ha sido procesado o conservado y se almacena en cualquier lugar.

Los límites generales se enumeran por región en las regulaciones regionales que comienzan en la página 26. Las excepciones a los límites generales se incluyen como "regulaciones especiales" y se enumeran por agua individual.

#### **MÉTODOS DE PESCA**

Los peces pueden pescarse únicamente con anzuelo y sedal atados a una caña o carrete y vigilados de cerca en la forma conocida como pesca con caña. No se puede conectar a la línea más de tres anzuelos cebados, ni más de tres anzuelos con mosca, o dos señuelos, a pesar de del número de anzuelos o intermitentes de pesca adjuntados, pueden adjuntarse a la línea. Algunas aguas tienen restricciones adicionales. No se pueden utilizar más de dos líneas (excepto lo indicado en "Pesca Submarina/Pesca con Arco" y "Pez sin Protección"). (Consulte NRS 503.290)

# ATTENTION ANGLERS!

#### Know your catch in the Colorado River

When fishing in Lakes Mead and Mohave, and the Colorado River below Davis Dam, it is essential to be able to identify two protected species of fish you may incidentally catch.

#### The possession of Razorback Sucker and Bonytail is prohibited!

These species are native to the Colorado River system and are endangered species. These fish can be mistaken for common carp or other unprotected species. Please help conserve native wildlife by immediately releasing these fish unharmed.

# Bonytail Endangered Species Adults have dorsal hump Long, narrow caudal peduncle Silvery coloring

Occurs in Lake Mohave and Colorado River below Davis Dam

With you wherever you go.
The most up-to-date fishing regulations online!

# BAIT FISH

The use of bait fish, whether dead or alive or the parts thereof, other than preserved salmon eggs, is prohibited in all waters except those listed below.

#### **EASTERN REGION**

The capture, possession, or use of fish as bait, whether dead or alive or the parts thereof, including commercially prepared and preserved baitfish is prohibited other than preserved salmon eggs. Aquatic bait may be used only in the water from which it is taken. (Refer to NAC 503.502 - NAC 503.507)

#### **SOUTHERN REGION**

In Lake Mead, Lake Mohave, and the Colorado River, only golden shiner, fathead minnow,

threadfin shad, and goldfish may be lawfully purchased or may be personally taken from and used only in these waters. In addition, carp, gizzard shad, and mosquitofish may be used as bait, but only may be taken from and used in Lake Mead, Lake Mohave, and the Colorado River. Live bait fish in the Colorado River, Lake Mead, or Lake Mohave, may be taken for a person's own use with a dipnet, a cast net having a radius not exceeding four feet from horn to leadline, a seine not exceeding 10 feet in length and four feet in width, or a minnow trap not exceeding 12 inches in width, 12 inches in depth, and 24 inches in length. Commercially prepared and preserved baitfish or their parts may be used as bait. Aquatic bait may be used only in the water from which it is taken.

In all other waters of the Southern Region, the capture, possession, or use of baitfish, whether dead or alive or the parts thereof, other than pre-

served salmon eggs and commercially prepared and preserved baitfish, is prohibited. Aquatic bait may be used only in the water from which it is taken. (Refer to NAC 503.502 - NAC 503.507)

# SPECIFIC WATERS WHERE BAIT FISH MAY BE USED \* SPECIES APPROVED FOR USE AS LIVE BAIT TAKEN ONLY Lake Mead, Lake Mohave and the Colorado River located in Clark County All other waters of the southern region \* SPECIES APPROVED FOR USE AS LIVE BAIT TAKEN OR PURCHASED \* SPECIES APPROVED FOR USE AS LIVE BAIT TAKEN OR PURCHASED \* SPECIES APPROVED FOR USE AS LIVE BAIT TAKEN OR PURCHASED \* Fathead Minnow, Golden Shiner, Threadfin Shad, Goldfish \* Capture, possession or use of baitfish whether alive or dead is prohibited. \* Commercially prepared and preserved baitfish and salmon eggs may be used as bait.

#### **WESTERN REGION**

In the waters described in the table below, live bait fish and aquatic bait may be used only in the river basin from which it is taken. Commercially prepared and preserved baitfish or their parts may be used as bait in these waters.

In all other waters of the Western Region, the capture, possession, or use of baitfish, whether dead or alive or the parts thereof, other than pre-

served salmon eggs and commercially prepared and preserved baitfish, is prohibited. Aquatic bait may be used only in the water from which it is taken. (Refer to NAC 503.502-NAC 503.507)

#### **WESTERN REGION** BAIT REGULATIONS WHERE LIVE BAIT FISH MAY BE USED **BAIT REGULATIONS** Carson River Basin Humboldt River Basin, in the Humboldt River from Stall Diversion Dam (near Golconda, Humboldt County) downstream, including in Rye Patch Reservoir, the Pitt-Taylor and Chimney reservoirs. All waters of the Lovelock Valley and the Little Humboldt River downstream of Chimney Reservoir. Live bait fish and aquatic bait may be used only in the river basin from which it is taken. Commercially prepared and preserved The Lake Tahoe Basin located in Carson City and Douglas and Washoe Counties. baitfish or their parts may be used as bait. The Truckee River Basin, except in the Truckee River from the E Mustang Road bridge (I-80 Exit 23) downstream to the Pyramid Lake Paiute Reservation boundary. Walker River, from the railroad bridge near Wabuska downstream to and including Walker Lake, excluding waters on the Walker River Paiute Tribe Reservation. Capture, possession or use of baitfish whether alive or dead is prohibited. All other waters of the western region Commercially prepared and preserved baitfish and salmon eggs may be used as bait.

### ACCESSIBLE AMERICANS WITH DISABILITIES ACT (ADA)

### FISHING IN NEVADA

This section contains information on accessible fishing sites in wildlife management areas, lakes, ponds, streams, etc. that have ADA ramps or entrances for people to fish and clean fish from.

#### **EASTERN NEVADA**

Comins Lake - ADA parking and fishing pier.

#### SOUTHERN NEVADA

**Eagle Valley Reservoir** – Accessible fishing pier and boat ramp.

Floyd Lamb Park Ponds - Paved and hard dirt paths around ponds provide access.

**Lake Mead** – Access varies with lake level. Contact National Park Service at 702-293-8990.

Lake Mohave – On the Nevada side of Lake Mohave, Cottonwood Cove has ADA accessible boat docks, fish cleaning stations, restrooms, marina, and restaurant. On the Arizona side of Lake Mohave, both Willow Beach and Katherine's Landing have the same amenities as Cottonwood Cove and ADA accessible fishing piers.

**Lorenzi Park Pond** – Accessible fishing around the pond via a paved path.

**Sunset Park Pond** – Accessible fishing around the pond via a paved path.

**Veteran's Memorial Park Pond** – Accessible fishing around the pond via a paved path.

#### **WESTERN NEVADA**

Baily Fishing Pond - One fishing pier.

**Liberty Pond** - One wooden fishing dock with two wheelchair accessible fishing locations, concrete path around pond.

Marilyn's Pond - One fishing pier.

Mason Valley WMA: One ADA accessible boat ramp at North Pond. The front dikes at Hinkson Slough, Bass Pond and North Pond provide accessible fishing areas. There are four ADA accessible bathrooms: one at Hinkson Slough, one at the Sandridge Campground, one at the Shoveler Parking Area and one by the boat ramp and campground for North Pond.

Mitch Park Pond (Gardnerville, NV) – One concrete fishing platform.

**Paradise Pond** – Two concrete fishing platforms on the east side of the north pond.

Seeman Pond - One fishing platform.

**Sparks Marina** – One fishing pier at the southwest end of the lake.

**Verdi Pond** at Crystal Peak Park – Three accessible ramps and piers.

Virginia Lake - One fishing pier on the east side.

#### **BUILD YOUR OWN GAME OR MEAT COOLER**

- Save \$1,000s by building your own walk-in cooler
- Cool a well insulated room down to 34 degrees with a CoolBot and window air conditioner
- Perfect for meat curing and aging
- Over 100,000 units sold in 70 different countries

Go to eregulations.com/coolbot to save \$20 on your order!

# EASTERN REGION REGION

The **Eastern Region** includes the four counties of northeastern Nevada: Elko, Eureka, Lander and White Pine. Popular fishing waters include Wildhorse, Wilson, Willow Creek, Jakes Creek, Illipah and South Fork reservoirs, Groves Lake, Bassett Lake, Cave Lake, Ruby Lake, other high mountain lakes and several streams located throughout the area. **The Eastern Region NDOW Office** is located at 60 Youth Center Road, Elko, NV 89801, (775) 777-2300.

**Important Note:** Within the Eastern Region the general fishing seasons, hours, limits, and regulations apply to all waters EXCEPT those listed under "Eastern Region Special Regulations". If the water in which you intend to fish is not listed under the Eastern Region's Special Regulations, then the General Regulations shall apply.

All game fish must be dead before being transported away from the body of water where caught.

# EASTERN REGION GENERAL REGULATIONS

Open year around, any hour of the day or night.

### EASTERN REGION DAILY LIMITS

Except as noted under "Special Regulations," the daily limits are as follows:

Elko, Eureka, Lander and White Pine Counties: The daily limit is 5 trout, 5 mountain whitefish and 15 warmwater game fish of which not more than 10 may be black bass. No limit on northern pike or yellow perch (unlimited possession). No bull trout are allowed in possession.

#### **POSSESSION LIMITS**

The possession limit is two times the daily limit for the water in which the fish are caught. Possession limits apply to both general and special regulation waters.

# ARTIFICIAL LURE WATERS

See page 19.

#### **BAIT REGULATIONS**

While fishing in this region, the capture, possession, or use of fish as bait, whether dead or alive or the parts thereof, including commercially prepared and preserved baitfish is prohibited other than preserved salmon eggs. Aquatic bait may be used only in the water from which it is taken. See page 24 for more regulations on the use of bait fish.

# ATTENTION TROUT ANGLERS - IDENTIFY YOUR CATCH IN THE JARBIDGE

When fishing in the Jarbidge River drainage area it is essential to be able to differentiate between rainbow trout and the threatened bull trout. The most common trout you will find is rainbow trout.

The possession of bull trout is prohibited! All captured bull trout must be immediately released unharmed. Knowing how to identify your catch is important.

Bull trout have light colored spots scattered over a dark (olive-green color) background. The fins have no black spotting. Rainbow trout have a light colored background with a pink to red colored stripe across the side of the body. In addition, there is black spotting over the body, tail fin and dorsal fin.

The Nevada Division of Public and Behavioral Health has issued health advisories that recommend limited consumption of fish species due to elevated mercury levels in their flesh. For more information, go to www.ndow.org/blog/mercury-in-fish/.

# HEALTH ADVISORY AREA SPECIES ADVISORY EASTERN REGION Comins Lake Largemouth Bass, Northern Pike No consumption

All Regulations are applicable to CR 23-15 Amendement 1.

EASTERN REGION SPECIAL REGULATIONS					
AREA	SEASON AND HOURS DAILY LIMIT				
ELKO COUNTY					
Jarbidge River, West Fork and East Fork	Year round; any hour of the day or night	5 trout and 5 mountain whitefish, except the possession of bull trout is prohibited.			
and its tributary streams	<b>Special Regulations:</b> All captured bull trout must be released immediately. Please report the capture of bull trout to NDOW Eastern Region Office.				
	Year round in all areas except as posted. Refuge is open 1 hour before sunrise to 1 hour after sunset.	From Jan. 1 - June 14: limit is 5 trout and 5 black bass*. From June 15 - Dec. 31: limit is 5 trout and 10 black bass*. *Minimum size for black bass is 10 inches total length.			
Ruby Lake National Wildlife Refuge	Special Regulations: The areas of the Collection Ditch that are open to fishing may be fished with artificial lures only. Chumming is prohibited. It is unlawful to clean or fillet fish within the boundaries of the Ruby Lake National Wildlife Refuge. The possession or use of live or dead bait fish (including crayfish and amphibians) is prohibited anywhere on the refuge. See page 41 for boating regulations and refer to the refuge website. The Gallagher Hatchery rearing, brood and spring ponds, and Cave Creek on the west side of the County Road are closed to fishing.				
South Fork Reservoir and the South Fork of the Humboldt River from the Lucky Nugget Subdivision causeway downstream to its confluence with the Humboldt River	Year round; any hour of the day or night. Exception: March 1 - June 30, catch and release fishing only for black bass.	5 trout, 1 black bass, 1 white bass hybrid (wiper) and 5 channel catfish. Minimum size for black bass and white bass hybrids is 15 inches total length.			
South Fork of the Humboldt River from	Year round; any hour of the day or night	1 trout			
the Lucky Nugget Subdivision causeway upstream to Lee	Special Regulations: Only artificial lures with single barbless hooks may be used.				
Wildhorse Reservoir and all inlet and outlet streams including Penrod Creek up to the bridge below the Gold Creek Ranger Station	March 1 - June 30, catch and release fishing only for				

**ELKO COUNTY CLOSED WATERS:** In Ruby Valley, fishing is prohibited in Gallagher Hatchery rearing, brood and spring ponds; in Cave Creek west of the county road; and on Franklin Lake Wildlife Management Area.

For Reese River regulations please see the Southern Region regulations for Nye County on page 33.

EASTERN REGION SPECIAL REGULATIONS (CONTINUED)					
AREA	SEASON AND HOURS	DAILY LIMIT			
EUREKA COUNTY

LANDER COUNTY		
Willow Creek Pond and Reservoir including inlet and outlet streams	Year round; 1 hour before sunrise to 2 hours after sunset.	5 trout and 5 black bass. Minimum size for black bass is 10 inches total length. No limit on yellow perch (unlimited possession).

LANDER COUNTY CLOSED WATERS: Smith Creek Reservoir.

WHITE PINE COUNTY			
Cold Creek Reservoir	Year round; any hour of the day or night.	5 trout and 5 black bass; Minimum size for black bass is 10 inches total length.	
	Year round; any hour of the day or night.	5 trout and 5 black bass. No limit on northern pike (unlimited possession).	
Comins Lake	no consumption of largemouth bass or northern pike from	avioral Health has issued a health advisory recommending n Comins Lake due to elevated mercury levels in their flesh. ern pike. Tags are located near the dorsal fin.	
	Year round in all areas except as posted. Refuge is open 1 hour before sunrise to 1 hour after sunset.	From Jan. 1 through June 14: 5 trout and 5 black bass*. From June 15 through Dec. 31: 5 trout and 10 black bass*. *Minimum size for black bass is 10 inches total length.	
Ruby Lake National Wildlife Refuge in Elko and White Pine Counties	Special Regulations: Those areas of the Collection Ditch that are open to fishing may be fished with artificial lures only. Chumming is prohibited. It is unlawful to clean or fillet fish within the boundaries of the Ruby Lake National Wildlife Refuge. The possession or use of live or dead bait fish (including crayfish and amphibians) is prohibited anywhere on the refuge. See page 41 for boating regulations and refer to the refuge website. The Gallagher Hatchery rearing, brood and spring ponds, and Cave Creek on the west side of the County Road are closed to fishing.		
Snake Range High Lakes	Year round; any hour of the day or night.  Special Regulations: Only artificial lures	Catch and Release Only with single barbless hooks may be used.	

WHITE PINE COUNTY CLOSED WATERS: Cold Creek Springs (Spring Pond) and creek above Cold Creek Reservoir in the Diamond Range of White Pine County.

#### **New Daily Fishing Survey Available Online**

a new daily fishing survey. This new simplified interface will allow you to report your fishing data more easily and accurately. Reporting your daily fishing information at the end of each outing will give us a more accurate representation of the true angler use and success at our fisheries throughout the State. It will allow every angler to report their information while it is still fresh in their memory instead of waiting until end of the season when the recollection may not be as accurate. The data collection from this survey will help our biologists better manage and improve

The annual fishing questionnaire is being replaced with

By submitting a survey at the end of each fishing day, you will be taking an active and vital role in the management of the Nevada fishery resource. So please take time to report your catch.

Nevada's recreational fisheries.

With the help of many partners, NDOW is leading the development of the Elko Community Ponds and Nature Center on two recently acquired parcels within the Elko city limits. The ponds on each parcel originated from gravel pits and relics of historic ice harvesting and have naturally sustained small populations of fish as flooding occurs and connects the Humboldt River with the ponds.

The first parcel, purchased in late 2022, is a 17.58-acre parcel, located near the intersection of Sharp's Access Road and 12th Street and includes several small ponds. This parcel was once the source of ice for the old icehouse, now known as the Igloo Recreation Center, and was traditionally used as a cold storage facility for ice that was brought off the ponds by railcar. Over the years it has changed ownership several times, with multiple uses and plans, from an ice hockey pond to the potential site for a humanitarian homeless shelter. The second parcel, purchased in early 2024, is roughly 40 acres and was initially intended to be part of a local subdivision. This parcel is connected to the 12th Street parcel via the Humboldt River corridor and has two large ponds with numerous acres to accommodate facilities and parking. Though minimal water rights were available with this purchase, NDOW was able to partner with Elko

County and secure a donation of 120-acre/feet of water rights to aid in the supplementation of these ponds. Additionally, these properties align with the City of Elko's master park plan and will provide a welcomed beautification and social investment on the southern side of our great town. The development of these two parcels for community use will also bring much needed aesthetic cleanup, including weed management and general upkeep of the area.

The purchase of these properties has been a long time coming as the Department actually began this process in 2006. Thankfully, with the help of partners including Nevada Gold Mines, Kinross Bald Mountain, and NV Energy, NDOW was able to match generous contributions and fund the re-cent purchase.

The long-term goal for this project is to work with the City of Elko and other community partners to develop a beautiful series of community fishing ponds in a park setting, with nature trails, and a wildlife education center. This project ties in perfectly with the Humboldt Area River Project (HARP) and will connect and extend the existing HARP trails.

The Department and City are working together on the arduous process of permitting the development of the properties including conceptual

designs, planning, engineering, dredging of current ponds for depth and width, ADA accessibility, water control structures, public restrooms, parking lots, trails and bridges, and the design and build of the education building.

Using staff and volunteer efforts, the two sites will see much needed environmental cleanup and weed management in the development of the project phases. NDOW and the City of Elko have entered into a long-term management agreement with the City agreeing to maintain and secure the parks, while NDOW will manage the fishery with annual stocking and regular site surveys.

The community ponds will be open to the public and will be a great resource for the residents of the City of Elko and Elko County. It's central location within the city limits will allow residents of all ages to visit on foot or by bicycle and will be a place like no other in town for people to easily enjoy their time outdoors. Additionally, this site will be frequently used for wildlife education events for schools, organizations, residents, anglers, and visitors.

If you are interested in donating time or resources to this community project, please contact Jeff Peterson at 775-777-2331 or email at jdpetersen@ndow.org.

# REGULATION S

The **Southern Region** includes the four counties of southern Nevada: Clark, Esmeralda, Lincoln and Nye. Popular fishing waters within this region include Lake Mead, Lake Mohave, the Colorado River, Eagle Valley Reservoir, Echo Canyon Reservoir, and the reservoirs on Kirch Wildlife Management Area. A number of small streams in northern Nye County provide wild trout fishing and a few are stocked with hatchery-reared rainbow trout. The Southern Region NDOW Office is located at 3373 Pepper Ln., Las Vegas, NV 89120, (702) 486-5127.

**Important Note:** Within the Southern Region the following general fishing seasons, hours, limits and regulations apply to all waters EXCEPT those listed under **"Southern Region Special Regulations."** If the water in which you intend to fish is not listed under the Region's Special Regulations, then the General Regulations shall apply.

All game fish must be dead before being transported away from the body of water where caught.

# INTERSTATE WATERS FISHING LICENSE INFORMATION

Lake Mead, Mohave, Colorado River: Persons under 12 years of age are not required to have a fishing license. Persons 12 years of age or older must have either a Nevada fishing license or a Nevada Interstate Boundary Waters license; a Nevada short-term fishing permit or an Arizona fishing license.

# SOUTHERN REGION GENERAL REGULATIONS

Open year around, any hour of the day or night, except where noted under special regulations.

An AIS Decal Is not required for Arizona registered watercraft on Lake Mead/Mohave and the Colorado River. All Nevada registered motorized and non-motorized vessels must display a current Nevada AIS Decal.

### SOUTHERN REGION DAILY LIMITS

Except as noted under "Southern Region Special Regulations" the daily limits are as follows:

Clark, Esmeralda, Lincoln and Nye counties: the limit is 10 trout and 15 warmwater game fish of which not more than 10 may be black bass.

#### **POSSESSION LIMITS**

The possession limit is two times the daily limit for the water in which the fish are caught. Possession limits apply to both general and special regulation waters.

#### **BAIT REGULATIONS**

See page 24 for more regulations on the use of baitfish.

#### TACKLE RESTRICTIONS

In Lake Mead, Lake Mohave, and the Colorado River, the use of more than two hooks for bait or flies is prohibited (Refer to NAC 503.590). See below and on page 19 in General Regulations for further information.

### ARTIFICIAL LURE WATERS

See page 19.

#### **SPEARFISHING**

Persons may spearfish for striped bass in Lake Mead and in Lake Mohave from Cottonwood Cove to the cable below Hoover Dam. Spearfishing for striped bass is prohibited in that portion of Lake Mohave from Cottonwood Cove to Davis Dam and from Davis Dam down river to the Nevada state line. In Lakes Mead and Mohave and the Colorado River system, spearfishing is prohibited within 1/2 mile of any dock or swimming area. See page 18 in General Regulations for further information.

When spearfishing, a person must display, within 100 feet, an appropriate diver's flag. A mechanical spearing device may be used only under the surface of the water, and the spear must be attached to the device by a lanyard. Fishing license regulations apply when spearfishing. (Refer to NAC 503.590-592)

Please contact the county you will be fishing in prior to assure you are in compliance with county regulations.

All Regulations are applicable to CR 23-15 Amendment 1.

SOUTHERN REGION SPECIAL REGULATIONS					
AREA	SEASON AND HOURS	DAILY LIMIT			
CLARK COUNTY					
Carpenter Canyon Creek	Year round; any hour of the day or night	2 trout			
Clark County Urban Ponds: (Boulder City Pond/Veteran's Memorial Park, Lorenzi Park Pond, Mesquite Urban Pond-Hafen Lane Pond, Sunset Park Pond, and Floyd Lamb Park Pond)	Year round; hours are when the park is open to public use.	3 game fish			
Cold Creek Pond and Cold Creek	Year round; any hour of the day or night	3 game fish			

SOUTHERN REGION SPECIAL REGULATIONS (CONTINUED)				
AREA	SEASON AND HOURS	DAILY LIMIT		
CLARK COUNTY (CONTINUED)				
Colorado River below Davis Dam	Year round; any hour of the day or night except in areas as posted.	5 trout, 6 black bass, 10 striped bass, and 25 catfish. Minimum size for black bass is 13 inches total length. No limit on other game fish.		
	Special Regulations: For bait restrictions see page 24.			
Lake Mead	Year round; any hour of the day or night, except in areas as posted.	5 trout, 6 black bass, 25 catfish and 15 crappie. No limit on striped bass less than 20 inches total length. The daily limit on striped bass 20 inches total length or longer is 20 fish. *No limit on other game fish.		
	Special Regulations: For bait restrictions see page 24.			
Lake Mohave	Year round; any hour of the day or night, except in areas as posted.	5 trout, 6 black bass, 25 catfish and 15 crappie. No limit on striped bass less than 20 inches total length. The daily limit on striped bass 20 inches total length or longer is 20 fish. No limit on other game fish.		
	Special Regulations: For b	ait restrictions see page 24.		
Virgin River and Muddy (Moapa) River systems	Year round; any hour of the day or night	5 trout, 6 black bass, 25 catfish, 15 crappie, and 20 striped bass. No limit restriction on other game fish.		

CLARK COUNTY CLOSED WATERS: Lakes Mead and Mohave and the Colorado River areas as posted immediately above and below Hoover and Davis Dams; and except as otherwise posted by the National Park Service, all harbors, in or from marinas, from boats moored within marinas, and in mooring areas for those waters to include, but not limited to, the following on Lake Mead: Calville Bay Marina, Boulder Harbor, Hemenway Harbor, and the Las Vegas Boat Harbor/Lake Mead Marina Harbor Complex and on Lake Mohave: Cottonwood Cove.

Spring Mountain Ranch State Park Pond. Veteran's Memorial Park, Boulder City, all waters except the Boulder City Pond as posted in Clark County. Las Vegas Wash, all waters within the Clark County Wetlands Park. Cornerstone Park, all waters within Cornerstone Park as posted by Henderson Municipality.

LINCOLN COUNTY		
Eagle Valley Reservoir and Meadow Valley Wash above the reservoir	Year round; any hour of the day or night.	5 trout and 15 warmwater game fish of which not more than 10 may be black bass.
Echo Canyon Reservoir	Year round; any hour of the day or night.	5 trout and 15 warmwater game fish of which not more than 10 may be black bass.
Nesbitt Lake (Key Pittman Wildlife Management Area)	Year round; any hour of the day or night except the portion above the old fence line as posted closed to entry from Feb. 15 - August 15 and closed to fishing during waterfowl season.	15 warmwater game fish of which not more than 10 may be black bass. No limit on bullheads (unlimited possession)
	Special Regulations: See b	oat restrictions on page 40.
Pahranagat National Wildlife Refuge	Year round; any hour of the day or night except North Marsh which is closed to fishing during the waterfowl hunting season.	3 trout and 15 warmwater game fish of which not more than 5 may be black bass.

**LINCOLN COUNTY CLOSED WATERS:** Ash Springs outflow through the River Ranch to beginning of the concrete ditch, in Lincoln County. Crystal Springs and outflow for one half mile to beginning of the concrete ditch, in Lincoln County.

NYE COUNTY				
Beatty Urban Pond	Year round; any hour of the day or night.	3 game fish		
Kirch Wildlife Management Area	Year round; any hour of the day or night, except the upper portions of Adams-McGill, Cold Springs and Haymeadow Reservoirs, which are closed to trespass Feb. 15 - August 15 as posted. A 100-yard area as posted around the inflow from Hot Creek to Adams-McGill Reservoirs is closed to fishing Jan. 1 - April 1.	5 trout and 15 warmwater game fish of which not more than 10 may be black bass. No limit on bullheads (unlim- ited possession). You may only possess 5 black bass from April 1 - June 30.		
	Special Regulations: See boat restrictions on page 40.			
Kirch Wildlife Management Area Tule Reservoir	Open Aug. 16 - Feb. 14, any hour of the day or night.	5 trout and 15 warmwater game fish of which not more than 10 may be black bass. No limit on bullheads (unlimited possession).		
Kirch Wildlife Management Area Dacey Reservoir	Year round except the upper portions of Dacey Reservoir closed to trespass Feb. 15 - Aug. 15 as posted. A 100-yard area as posted around the inflow from Hot Creek to Dacey Reservoir is closed to fishing Jan. 1 - April 1.	1 trout and 15 warmwater game fish of which not more than 10 may be black bass. No limit on bullheads (unlim- ited possession). Zero black bass (catch and release only) from April 1 through June 30.		
	Special Regulation: Artificial lures only, see page 19.			
Upper Reese River and tributaries from the Arc Dome wilderness boundary south of the Yomba Shoshone Tribe Reservation to its headwaters	Year round; any hour of the day or night.	No limit on trout		
Sportsman's Park Pond	Year round; hours are when the park is open to public use.	3 game fish		
Stewart Creek from its confluence with the Reese River to its headwaters	Year round; any hour of the day or night.	No limit on trout		

NYE COUNTY CLOSED WATERS: Kirch Wildlife Management Area - Hot Creek to its confluence with Adams-McGill Reservoir; Sunnyside Creek above Sunnyside / Adavin County Road crossing in Sec 36, T7N, R61E in Nye County.

# WESTERN REGION REGULATIONS

The **Western Region** includes the nine counties of northwestern Nevada: Carson City, Churchill, Douglas, Humboldt, Lyon, Mineral, Pershing, Storey and Washoe. Several popular fishing waters are located within this region including Lake Tahoe, Topaz Lake, Knott Creek Reservoir, Pyramid Lake, and the Truckee, Carson and Walker River systems. Pyramid Lake is managed by Pyramid Lake Paiute Tribe. Please contact the Pyramid Lake Paiute Tribe for regulations and license requirements pertaining to Pyramid Lake. Waters that are popular for warmwater species are Lahontan, Chimney and Rye Patch reservoirs, Humboldt River, Washoe Lake, Mason Valley Wildlife Management Area and several canals and drains in the Lahontan Valley. The Western Region office is located at 1100 Valley Road, Reno, NV 89512, (775) 688-1506.

**Important Note:** Within the Western Region the general fishing seasons, hours, limits, and regulations apply to all waters EXCEPT those listed under "Western Region Special Regulations." If the water in which you intend to fish is not listed under the Region's Special Regulations, then the General Regulations shall apply.

All game fish must be dead before being transported away from the body of water where caught.

# INTERSTATE WATERS FISHING LICENSE INFORMATION

Lake Tahoe and Topaz Lake: Persons under 16 years of age are not required to have a fishing license. Persons 16 years of age or older must have either a Nevada fishing license or a Nevada Interstate Boundary Waters license; a Nevada short-term fishing permit or a California fishing license.

# WESTERN REGION GENERAL REGULATIONS

Open year around, any hour of the day or night.

An AIS Decal is not required for California registered watercraft on Topaz Lake or Lake Tahoe. All Nevada registered motorized and non-motorized vessels must display a current Nevada AIS Decal.

### WESTERN REGION DAILY LIMITS

Except as noted under "Special Regulations" the daily limits are as follows:

Carson City, Churchill County, Douglas County, Lyon County, Humbolt County, Mineral County, Pershing County, Storey County and Washoe County: The limit is 5 trout, 5 mountain whitefish and 15 warmwater game fish of which not more than 5 may be black bass and 5 may be walleye.

#### **POSSESSION LIMITS**

The possession limit is two times the daily limit for the water in which the fish are caught. Possession limits apply to both general and special regulation waters.

# ARTIFICIAL LURE WATERS

See page 19.

#### **BAIT REGULATIONS**

See page 24 for regulations on the use of baitfish in the western region.

All Regulations are applicable to CR 23-15 Amendment 1.

# WESTERN REGION SPECIAL REGULATIONS AREA SEASON AND HOURS DAILY LIMIT CARSON CITY Baily Fishing Pond Year round; hours are when the park is open to public use. Special Regulations: Persons under 16 years of age are not required to have a fishing license. Persons 16 years of age or older must have either a Nevada fishing license or a Nevada Interstate Boundary Waters license; a Nevada short-term fishing permit or a California fishing license.

WESTERN REGION SPECIAL REGULATIONS (CONTINUED)				
AREA	SEASON AND HOURS	DAILY LIMIT		
CARSON CITY (CONTINUED)				
Lake Tahoe and Tributaries	Year round; 1 hour before sunrise to 2 hours after sunset, except for the following closed areas: within a 200 yard radius of the mouths of Third, Incline and Wood Creeks; 500 yard radius from Sand Harbor Boat Ramp; and within the boat launch area inside the jetty at Cave Rock Boat Ramp.	5 game fish.		
CHURCHILL COUNTY

# REGULATIONS

AREA	BODIES OF WATER	SEASON RESTRICTIONS	USE OF VESSELS	CAMPING & USE OF CAMPFIRES
Bruneau River WMA (Elko Co.)	Bruneau River	None	No Restrictions	Camping & campfires are permitted. Camping is not permitted in any build- ing or other structure located within the WMA.
Key Pittman WMA (Lincoln Co.)	Nesbitt Lake	Access restricted from Feb. 15 through Aug. 15 in the portion of Nesbitt Lake north of the buoy line.	Flat wake restriction in effect.	Camping & campfires not permitted.
Kirch WMA (Nye Co.)	Dacey Reservoir, Tule Reservoir, Cold Springs Reservoir, Haymeadow Reservoir, and Adams- McGill Reservoir	Access restricted from Feb. 15 through Aug. 15 in the upper portion of Adams- McGill, Cold Springs, Dacey and Haymeadow reservoirs, and all of the Tule Reservoir.	Flat wake restriction in effect. Vessels may not exceed 5 nautical miles per hour.  Only vessels without motors may be used on the Dacey Reservoir from Feb. 15 through August 15. Flat wake restriction in effect all other dates.	Camping & campfires only permitted within the David Deacon Campground.
Mason Valley WMA (Lyon Co.)	Hinkson Slough, North Pond, Bass Pond, Beaver Slough, Crappie Pond, Walker River	Season is open the sec- ond Saturday in February through September 30.	Flat wake restriction in effect.	Camping & campfires only permitted in those sites designated for camping.
Mason Valley WMA (Lyon Co.)	Eastside Waterfowl Series Ponds	Access restricted from Feb. 15 through Aug. 15. Fishing season is open Aug. 16 through Sept. 30.	All vessels are prohibited from Feb. 15 through Aug. 15 each year. Flat wake restriction in effect.	Camping & campfires only permitted in those sites designated for camping.
Overton WMA (Clark Co.)	Lake Mead, Honeybee Pond, Center Pond	Access restricted from March 1 through Aug. 1 on Honeybee Pond and Center Pond.	Vessels are prohibited on all ponds. Vessels are allowed on the portion of the area inundated by Lake Mead, except that on Overton Hunt Days, vessels may be used only by persons authorized to hunt waterfowl.	Camping & campfires only permitted within the rest and trails areas.
Steptoe Valley WMA (White Pine Co.)	Comins Lake	None	Waterskiing authorized between 11 a.m. and sunset. During other hours flat wake restriction in effect.	Camping & campfires not permitted.

### WILDLIFE MANAGEMENT AREA

Wildlife Management Areas (WMA) are managed specifically for their wildlife values. Fishing is provided on some of the areas and anglers are subject to the following regulations.

## VEHICULAR TRAVEL (NAC 504.115)

Vehicular travel within a WMA may be controlled so as to not impact area management and for safe and beneficial use of the area by both the public and the wildlife. Within a Wildlife Management Area, it is prohibited to operate a motor vehicle off an interior road or trail that is designated for vehicular travel; or on an interior road or trail that is marked as closed to vehicular travel.

#### **REMOVAL (NAC 504.110)**

Persons may be removed from a WMA for disorderly conduct, intoxication or any other conduct which endangers the area, other persons, or wildlife and livestock.

#### **LITTERING (NAC 504.155)**

The Department may deny further use of a WMA to any person who abuses or litters the area.

#### LAUGHLIN AREA

The following activities are **prohibited** within the Laughlin boating and Fishermen's Access Area in Clark County:

- Camping in any type of motor vehicle or recreational vehicle;
- Erecting a tent or structure for the purpose of sleeping or living in it;
- Parking any type of motor vehicle or recreational vehicle or otherwise blocking or restricting the access of a person or vessel, to the boat ramp;
- Parking a bus hired to carry passengers or a semi-trailer anywhere within the access area;
- Parking a motor vehicle in the access area in a location other than a designated parking space; or
- Being under the influence of a controlled substance or an intoxicating liquor, or consuming an intoxicating liquor.

## CRITICAL EQUIPMENT

#### DON'T LEAVE HOME WITHOUT IT!

#### LIFE JACKETS

One correctly sized USCG approved life jacket is required by law for each person on board. Children under the age of 13-years-old must wear it. (Refer to NRS 488.193 and 488.575)

#### THROWABLE FLOTATION AID

Any boat 16 feet or longer must carry a type IV throwable cushion or ring. (Refer to NAC 488.415)

#### FIRE EXTINGUISHER

Most boats are required to carry at least one fire extinguisher. Boats larger than 26 feet are required to carry two or even three fire extinguishers. (Refer to NAC 488.415)

#### **ENGINE CUT-OFF SWITCH**

An engine cut-off switch or kill switch, is a safety device used to stop the boats engines should the driver unexpectedly fall overboard. Now required to be worn on any vessel with one while underway. (Refer to NRS 488.585)

#### WATER SKI AND DIVE FLAGS

If you ski or dive you need to display the appropriate signal flag. (Refer to NRS 488.310 and NRS 488.570)

#### SOUND PRODUCING DEVICE

All boats must carry a horn, whistle or other sound producing device. (Refer to USCG Rule 33)

#### **VISUAL DISTRESS SIGNALS**

Though not required, signal flares and flags can attract attention if the need arises. (Refer to USCG Rule 37)

# FOLLOW THE BOATING SAFETY SEVEN

If you remember nothing else about boating rules, remember the **Boating Safety Seven**. Boating can be a fun activity for the entire family, but you should go boating with safety in mind to make sure your great day on the water doesn't turn sour. NDOW reminds you to have a good time, and be safe...it just makes sense.

- 1. Wear your life jacket
- 2. Take a boating education course (Visit *ndow.org* to learn more)
- 3. Carry all your required safety gear
- 4. Know your boat and its limitations
- 5. Follow the boating "rules of the road"
- Be aware of weather and water conditions
- 7. Boat sober and be considerate of other boaters

2025 NEVADA FISHING REGULATIONS

3796 KY 4

# REGULATIONS

The following information provides a summary of some of the boating laws and regulations for Nevada anglers who use boats. Safe boating in Nevada starts with knowing Nevada's boating regulations. All boats in Nevada are required to carry safety equipment appropriate to the type and size of vessel used, and every boater should know and practice safe boating, including learning the rules of the road. To learn more about boating in Nevada, contact NDOW and request a Nevada Boater's Handbook or visit Nevada's safe boating website: www.ndow.org.

## REDUCED SPEED AREAS

- On the following waters, a vessel must be operated at a speed that leaves a flat wake, but in no case may a vessel be operated at a speed in excess of 5 nautical miles per hour:
  - (a) Bassett Lake in White Pine County
  - (b) Cave Lake in White Pine County
  - (c) Jakes Creek Reservoir in Elko County
  - (d) Onion Valley Reservoir in Humboldt County
  - (e) Wayne E. Kirch Wildlife Management Area in Nye County
  - (f) The lagoon south of Laughlin in Clark County within Section 33, T 32 S. R. 66E. M.D.B.&M., as marked with signs or buoys, or both
  - (g) Likes Lake in Churchill County
  - (h) The Pitt-Taylor Arm of Rye Patch Reservoir in Pershing County
  - (i) Illipah Reservoir in White Pine County
  - (j) Mason Valley Wildlife Management Area in Lyon County
  - (k) Upper Wall Canyon Reservoir in Washoe County
  - (I) Echo Canyon Reservoir in Lincoln County
  - (m) Silver Creek Reservoir in White Pine County; and
  - (n) Key Pittman Wildlife Management Area in Lincoln County
  - (o) Colorado River, the backwater south of Big Bend of the Colorado State Recreation Area within sec. 5, T. 33 S., R. 66 E., M.D.B. & M., as marked with signs or buoys, or both in Clark County
  - (p) Jiggs Reservoir in Elko County
- 2. All boat harbors and other areas designated by buoys on any of the following waters are zones in which a vessel must be operated at a speed that leaves a flat wake, but in no case may a vessel be operated at a speed in excess of 5 nautical miles per hour:
  - (a) Lake Mead National Recreation Area in Clark County
  - (b) South Fork Reservoir in Elko County
  - (c) Wildhorse Reservoir in Elko County
  - d) Lake Tahoe, Zephyr Cove, Cave Rock, Round Hill Pines Beach and Glenbrook Bay in Douglas County; Sand Harbor, Incline Village General Improvement District Boat Ramp and Crystal Shores West in Washoe County

- (e) Washoe Lake State Park Boat Ramps in Washoe County
- (f) Walker Lake State Recreation Area and Sportsmen's Beach in Mineral County
- (g) Lahontan Reservoir, Churchill Beach, and North Shore Marina in Churchill County; Silver Springs Beach in Lyon County
- (h) Rye Patch Reservoir, Rye Patch Dam Access in Pershing County
- (i) Topaz Lake boat ramps in Douglas County
- (j) Colorado River, adjacent to Harrah's Casino in Laughlin in Clark County; and
- (k) Big Bend of the Colorado River State Recreation Area in the lagoon used for launching boats in Clark County

(Refer to NAC 488.455)

## BOATING PROHIBITED AREAS

Vessels are prohibited in areas which are designated by signs or buoys as follows:

- Within the Lake Mead National Recreation Area:
- 2. On the Colorado River:
  - (a) Below Davis Dam; and
  - (b) The swimming area of Harrah's Casino in Laughlin;
- 3. On Lake Tahoe at:
  - (a) The main beaches at Sand Harbor and Divers' Cove within Lake Tahoe State Park;
  - (b) The swimming area of the Incline Village General Improvement District and Burnt Cedar Beach;
  - (c) The swimming area of Galilee at the Episcopal Camp and Conference Center;
  - (d) The swimming area of the Lakeridge General Improvement District;
  - (e) The swimming area of the Glenbrook Homeowner's Association;
  - (f) The swimming area of the Hyatt Regency Lake Tahoe;
  - (g) The swimming area of the Zephyr Cove Marina;
  - (h) The swimming area of Crystal Shores West: and
  - (i) The swimming and beach area adjacent to Nevada Beach described in 33CFR 162.215.

- 4. At the dam and swim beach at the state recreation area in Rye Patch Reservoir;
- 5. At Lahontan Reservoir Dam;
- 6. At South Fork Reservoir Dam;
- 7. At Wildhorse Reservoir Dam;
- 8. At Eagle Valley Dam at Spring Valley State Park:
- At Chimney Reservoir Dam in Humboldt County;
- 10. At the county swim beach at Topaz Lake; and
- 11. At the swimming area and diving area of Sparks Marina Park.

(Refer to NAC 488.465)

# BOATING RESTRICTIONS IN WILDLIFE MANAGEMENT AREAS

(See page 38 for table of restrictions.)

- Except as otherwise provided in this section, use of vessels is restricted in the following Wildlife Management Areas:
  - (a) In the Overton Wildlife Management Area, located in Clark County, vessels are prohibited on all ponds. Vessels are allowed on the portion of the area inundated by Lake Mead, except that on Overton Hunt Days, vessels may be used only by persons authorized to hunt waterfowl;
  - (b) In the Humboldt Wildlife Management Area, located in Churchill and Pershing Counties:
    - All vessels are prohibited on the ponds in the Humboldt and Toulon Sink areas 5 days before the opening day of the waterfowl season.
    - (2) Airboats are prohibited on the Humboldt Sink until 1 hour after the legal shooting time on the opening day of the waterfowl season.
    - (3) Airboats are prohibited on the Toulon portion of the area during the waterfowl season.
  - (c) In the Mason Valley Wildlife Management Area, located in Lyon County, all vessels are prohibited from February 15 through August 15 of each year, except on:
    - (1) Hinkson Slough:
    - (2) Bass Pond;
    - (3) Crappie Pond;
    - (4) Beaver Slough;
    - (5) The Walker River; and
    - (6) North Pond.
  - (d) In the Fort Churchill Cooling Pond Cooperative Wildlife Management Area, all vessels and floating devices, except

- for vessels used by employees of NV Energy in the performance of their official duties, are prohibited on the pond.
- (e) In the Wayne E. Kirch Wildlife Management Area, only vessels without motors may be used on Dacey Reservoir from February 15 through August 15 of each year.
- 2. The provisions of subsection 1 do not apply to vessels owned, operated and used for official purposes by the Department.
- For the purposes of this section, a vessel is being used if the vessel: (a) is upon the waters of this state, including, without limitation, if it is tied or fastened to a dock, mooring or shore; and (b) is not aground on the shore.

(Refer to NAC 488.467)

## AREAS LIMITED TO BOATS WITHOUT MOTORS AND BOATS WITH ELECTRIC MOTORS

1. Only vessels without motors are permitted on the following waters:

Waters	County
(a) Angel Lake	Elko
(b) Blue Lakes	Humboldt
(c) Marlette Lake	Washoe
(d) Truckee River	Storey, Washoe
from the Califor	nia-Nevada state line
to the point whe	re the river enters the
Pyramid Lake Ind	ian Reservation

- 2. Only vessels without motors and vessels which are powered by electric motors are permitted on the following waters:
  - (a) Groves Lake in Lander County
  - (b) Sparks Marina Park in Washoe County
  - (c) The Lagoon South of Laughlin within section 33, T. 32 S., R66 E., M.D.B. & M., as marked with signs or buoys, or both in Clark County.
  - (d) Spooner Lake in Douglas County
  - (e) Knott Creek Reservoir
  - (f) Tonkin Springs Reservoir

(Refer to NAC 488.470)

#### FEDERAL BOATING REGULATIONS

**Informational Note:** The following areas are subject to Federal Regulations in addition to the general provisions of the Nevada Boat Act, which include rules for registration, equipment, and operation. Please contact refuge managers for descriptions of restricted zones and/or motor and speed regulations prior to your visit. Regulations are subject to change.

#### **Pahranagat National Wildlife Refuge**

Phone: (775) 725-3417

Watercraft may only be used to go to and come from daily hunting location. No shooting from moving watercraft, unless recovering wounded birds. Waterfowl may only be taken from watercraft that are anchored in open water or immobilized in natural growth vegetation. Non-motorized boats or watercraft with electric motors are permitted on Upper Lake from February 1 through September 30. Boats and watercraft must be in compliance with all applicable state and federal rules. The refuge is closed to all watercraft from October 1 to February 1, except for waterfowl hunt purposes in the designated open waterfowl hunting zones, during open days of the waterfowl hunt season. Upper Lake is completely closed to boating from October 1 to February 1. Trailer launching of watercraft is prohibited. North Marsh is closed to all activity, including boats and other watercraft.

#### Ruby Lake National Wildlife Refuge

Phone: (775) 779-2237

- January 1 June 14: closed to all boating except float tubes.
- June 15 July 31 only: motorless watercraft and boats with battery-powered electric motors are permitted in South Marsh. Gas motors must be removed from all boats.
- August 1 December 31: motorless watercraft and boats propelled with motors 10 hp or less are permitted in the South Marsh. Please be aware that you are responsible for your own safety. Ruby Lake marsh is a maze of channels, islands, and heavy vegetation. Also, many of the channel markers are missing. Do not proceed unless you have a GPS unit and know how to use it or you are very experienced in this particular marsh. Boats on trailers may be launched only at the Main Boat Landing and Narciss Boat Landing. Canoes or cartop boats may be launched ONLY at the Main Boat Landing, Narciss Boat Landing, Gravel Pit Pond, and Brown Dike. Boats may be stored at the Main Boat Landing, Narciss Boat Landing, Gravel Pit Pond and Brown Dike from June 1 through December 31. Trailers may not be stored on the refuge.

#### **Sheldon National Wildlife Refuge**

Phone: (775) 941-0199

Big Springs Reservoir, Dufurrena Ponds and Catnip Reservoir: Anglers may bank fish, fish by wading, or use nonmotorized boats, boats with electric motors, float tubes and similar flotation devices only.

#### Stillwater National Wildlife Refuge

Phone: (775) 423-5128

**Special boating regulations are now in effect at Stillwater NWR.** Contact refuge manager before operating a boat in this area. Fishing is not allowed.

Refer to each individual wildlife refuge website for most up-to-date regulations.

## FOR A NATIVE SPORT FISH TO BE CONSIDERED FOR THE NATIVE FISH-SLAM PROGRAM THE FOLLOWING MUST APPLY:

- 1. Fish must be taken legally from Nevada waters. Review current regulations regarding harvest of fish.
- 2. A photograph of the fish caught must be provided. (All photos submitted are then the property of NDOW and may be used in NDOW publications and on the agency's website and social media platforms.)
- 3. There is no time limit for completing the Native Fish-Slam Program, but an entry form must be submitted within 60 days of a fish being caught (NDOW will maintain angler records).
- 4. No weight or length measurements are required to enter this program.
- 5. A certificate and custom hat will be awarded once all species of fish have been entered.
- 6. As of March 1, 2018, an angler may complete additional, consecutive Native Fish-Slams; however, fish for a succeeding slam cannot be caught and entered within one month after the preceding slam is finished and awarded. The same rules apply for entering into subsequent Native Fish-Slams. Only a certificate will be awarded for additional Native Fish-Slams.
- 7. Anglers are also encouraged to submit fish into the Nevada Trophy Fish Program if it meets the minimum weight qualification. (A separate Nevada Trophy Fish entry form must be completed.)
- 8. NDOW has the right to accept/reject/disqualify any entry form submitted. All decisions made by the NDOW Trophy Fish Committee (Fisheries Chief, Regional Fisheries Supervisor, and Staff Sport Fish Coordinator) are final.

The following minimum weight qualifications are established for the various species of fish in the Nevada Trophy Fish Program. Each entry which meets the minimum qualifications will receive a Trophy Fish Certificate.

1.	Largemouth Bass	5 lbs.
2.	Smallmouth Bass	3 lbs.
3.	Spotted Bass	2 lbs.
4.	Striped Bass	20 lbs.
5.	White Bass	2 lbs.
6.	Carp	15 lbs.
7.	Bullhead Catfish	1 lb.
8.	Channel Catfish	10 lbs.
9.	White Catfish	4 lbs.
10.	Black Crappie	2 lbs.
11.	White Crappie	2 lbs.
12.	Sacramento Perch	2 lbs.
13.	Yellow Perch	0.5 lb.
14.	Kokanee	2 lbs.
15.	Bluegill	1 lb.
16.	Green Sunfish	0.5 lb.
17.	Pumpkinseed	0.5 lb.
18.	Redear Sunfish	0.5 lb.
19.	Brook Trout	2 lbs.
20.	Brown Trout	5 lbs.
21.	Cutthroat Trout	10 lbs.
22.	Bull Trout	0.5 lb.
23.	Mackinaw	10 lbs.
	Rainbow Trout	
25.	Rainbow/Cutthroat Hybrid Trout	10 lbs.
	Tiger Trout	
27.	Walleye	6 lbs.
	Mt. Whitefish	
	Wiper (White/Striped Bass Hybrid)	
	Tiger Muskie	
	-	

For a fish to be considered in the Nevada Trophy Fish Program the following must apply:

- 1. Fish must be taken legally from Nevada waters.
- 2. Weight is to be taken of whole fish before freezing.
- 3. Length is to be measured from tip of nose to tip of tail.
- 4. Measurements must be witnessed by two other persons, at least one of whom must not be a relative of angler entering contest.
- 5. Angler must provide positive means of identifying the species of fish and include an adequate photograph.\*
- 6. Entry must be made within calendar year of date caught to be included in that year's contest.
- If the fish being entered is a possible Nevada State Record, the fish must be weighed on a scale which has been certified as accurate. The fish must also be witnessed by a Nevada Department of Wildlife employee.
- 8. An entry form must be submitted within 60 days of the fish being caught. To be considered for the Trophy Fish Book, all entries must be submitted by Jan. 31.
- \* All photos and stories submitted may be used in NDOW publications and on the agency website and social media platforms.

Wiper, White x Striped Bass	25	9	33	Lahontan Reservoir	Adam Truran	6/6/09	27 lbs 5 oz

NOTE: These records are officially recognized by the Nevada Department of Wildlife as state records established from the year 1968, the first year of the Nevada Trophy Fish Program through December 2024. These records include fish taken in interstate waters including Lake Tahoe, Topaz Lake, Lake Mead, Lake Mohave and the Colorado River. It is recognized that some species of fish of larger size have been caught from Nevada waters prior to 1968.

World Record data was obtained from the International Game Fish Association's World Record Game Fishes 2024 edition.

<sup>\*</sup> The recognized world record Cutthroat trout of 41 pounds was caught from Pyramid Lake in 1925.

## **DO YOU HAVE A PASSION** FOR FISH AND FISHING?

Looking for a career with opportunity to work outdoors and in a hands-on capacity in fisheries management?

The Nevada Department of Wildlife's Hatchery Program wants you to join our team!

- Mason Valley Fish Hatchery near Yerington, NV
- Gallagher Fish Hatchery in Ruby Valley (Elko County)
